PROFILE

Aspiring Data Scientist with a strong academic foundation in Information Management and hands-on experience in Python, Machine Learning, and Data Analytics. Passionate about extracting insights from data and building intelligent systems that solve real-world problems. Actively exploring AI-powered solutions and continuously learning to stay updated with the evolving landscape of data science and technology. Additionally, I serve as a trainer, conducting workshops and bootcamps for students up to the bachelor level on topics such as Python programming, Machine Learning, and Web Development.

WORK EXPERIENCE

Takshashila Progressive English School 2025 MAR

- Been Senior Level Science Teacher and recently left the job because of some internal reasons

Here are some of my Hackathon Experiences

Asian Hack 2024 -OCT

- It was my first Hackathon, I decided to make the team and lead the team from front and we have won Mentor's Choice Award with whopping vote of 14 out of 19 mentor's.
- Built a Disease prediction webapp using Machine Learning and Implement with streamlit

Forewarn Disaster Hackathon 2024, Oct - 2024 Dec

Machine Learning Engineer

- Best and Grandest hackathon ever with theme of Disaster and 136 teams, through 3 round of online screening finally we made it to the final top 7
- Made A Dengue surveillance System using ML with weather and geographical, demographical datas

Semicolon International Hackathon

2025, Jan

AI Engineer, LLM

- First ever international hackathon, more than 600 teams participated, 4 round of online selection and selected for physical hackathon
- Built a Career Counseling Website using Django backend, react frontend and Api's of gpt, gemini and planned to take it commercially which will be released soon, currently in testing phase

Gandaki IT Mahotsav

Neural Network Engineer and Backend Developer

- More than 130 teams participated, we were the top 10 finalists
- Built Sign Language Conversion System to Nepali using Neural Network using keras and Tensorflow.
- Finished at 4th position

Asian hack 2025 : Made job listing platform with AI CV Classification and other features also

EDUCATION

Bachelor of Information Management

2022- - Now

Faculty of Management | Mechi Multiple Campus

Currently Enrolled, 6th Semester

GPA till now (5 semesters): 3.79, 3.76, 3.93, 3.74, 3.89 resp(1st, 2nd, 3rd, 4th sem)

+2 Science

2020 - 2022

GPA: 2.70/ 4.0

NEB | Dhulabari Secondary School
